Empaneled

1

Our Credentials

- Accurate service: automated assessment tools supported by manual verification
- Controlled service: tests designed to ensure no steps are missed and reduce impact on target systems
- Repeatable service: test parameters recorded to allow retesting under the same conditions
- Specific client needs can be included
- Highly skilled and experienced consultants

2

Quality Assurance

- Quality Assurance is a central to everything we do.
- There are many factors that distinguish us, but ultimately it is the quality of our people that makes the difference and enables us to deliver seamless, consistent, independent and objective high-quality service, worldwide.

3

Our Deliverables

- We deliver clear and actionable results:
- Effort put into presenting findings in a clear and actionable report of findings;
- Includes a concise executive summary;
- Summary of findings shows:
 1. Priority of each significant vulnerability;
 2. Possible remediation actions;
 3. Direct links to relevant bulletins, patches and advisories.
- Detailed results are presented in clear language;
- Findings are grouped by Risk level.
